How to get involved

Governance Model

Ridgewood Commons is organized under a spokes council model: with self-directed Working Groups meeting in a large governing spokes council body. More detailed information can be found [here, under our spokes council documentation](#)

Getting Involved

The best way to get involved in Ridgewood Commons is to attend an event (Sunday dinners, pantry distro, a movie screening, yoga or gym event) and meet people.

If you're interested in a particular aspect of running a collective space (Finance, Programming, Facilities, Grants, Tech Admin), we have open admin meetings on Sunday afternoons ([calendar here](#)), you're welcome to attend.

Feedback

If you're a working group participant in Ridgewood Commons, or frequent the space and would like to be involved, and this page and site are leaving you with questions, please find a member of the Tech Admin Working Group at Sunday Dinner, or fill out our [feedback form](#).
