

Agenda

MVP for Launch

- website
 - static page on existing heztner account
 - just use namecheap for hosting
 - TODO: @p set up namecheap hosting with @llama
- list serve
 - deprioritize for other pressing things like IG, cal.red, other stuff
 - TODO: @p email riseup today and see if you can get a list
- password manager
 - i created an account on bitwarden
 - TODO: @p can @llama add the account credentials that have control over the ridgewoodcommons.nyc domain
 - TODO: @p onboard others to the bitwarden
- calendar
 - TODO: @p create a filtered version of the ical output
- donor platforms
 - withfriends
 - patreon
 - TODO: @LP photo deliverables
 - TODO: @LP withfriends event management research
- social media
 - we still need to talk about how they're going to be managed
- google account
 - deal with this in the near future

- note that our gmail account is used for more than email-- calendar
- TODO: @p change recovery addresses away from gmail
- wiki migration off woodbine.nyc
 - TODO: do we need to preserve
- TODO: send out bitwarden creds

finance software updates

- invoice ninja doesn't seem geared towards

Spokescouncil Proposals

community announcements: FA that adds individual w/ their affiliations
