Proposal Description (and variations)

Stop leaving rags in the sink! There's a bus bin under the sink that we use to collect dirty rags; this is where you put them. If they're wet, wring them out before putting them in the bus bin.

If you used a rag and it's wet but not dirty (e.g., after drying clean dishes), hang it over some clean dishes on the drying rack, or over the rack itself if it's empty.
