

Agenda things

Funding strategy (~LP)

Seems we need to pick a lane with existing labor pool

- **Broad base / small contrib**
 - Probably most labor intensive but enduring
 - Diverse community inspired programming
 - Support rationale:
 - Tool library
 - Merch
 - Film developing
 - Workshops/etc
- **Coworking push/schedule/media & support**
 - Better promo and program support
 - /coworking page to describe program
 - Power setup, monitor availability
- **Fundraising**
 - Long-term promo
 - Variety
 - Production support

google account onboarding (just iris)

Ridgewoodcommons.com -> site forward (so long as we have it)

Library stewardship project check-in

Movies vs open wed for rentals/booking? (Also is programming prepared to host strategic talks like this?)

Site links and QR codes (e.g. /forms /rental / "see site")

Spreadsheet tool for analytics vs automation bc \$\$ (~LP)

Open these meetings up? Consistent remote setup? (Remote standards)

Tabled

- Patron "birthdays"
- Patreon messages/newsletters
- Scope of "community announcements"
